Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 06 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Settled throughout the weekend but cold overnight with possible frost.

Today:
A cold start with frost in some areas, but a largely dry day. Whilst there will often be large amounts of cloud, most places should see some sunshine at times. Maximum temperature 7 deg C (45 deg F).

Tonight:
Clouds will gradually break up through the night, allowing for some clear spells. Remaining dry throughout and feeling chilly with further frost likely. Minimum temperature -2 deg C (28 deg F).

Sunday:
A cold morning with a likelihood of frost. A dry day throughout, with the best of any sunshine being in the south during the morning. Maximum temperature 7 deg C (45 deg F).

Outlook for Monday to Wednesday:
Many parts dry and bright on Monday. Patchy light rain on Tuesday with winds strengthening overnight. Outbreaks of heavy rain on Wednesday, along with coastal gales.
